- Particularly suited to small groups, offering flexibility and value.

The Charter Boat

"Vagabond" is a 7.5m (25') aluminium monohull, with aluminium pontoons. She is powered by twin 115 hp outboards. Vagabond's New Zealand hull design combines a very sharp, deep V hull (for a smooth ride in rough seas) with multi compartmented pontoons for stability and safety. Vagabond is uncannily dry, even in choppy seas, is very comfortable and can keep two passengers plus luggage dry on rainy days. The comfortable, stylish interior makes Vagabond a perfect charter boat to neighbouring islands. "Vagabond" is in full marine survey and skippered by qualified crew.
